Prices are quoted per enquiry against specification, quantity and packaging. No price list is published.

Established	12 February 2007 - 19 years of wooden toy manufacturing
Location	No.161 Zhongshan West Road, Fenghuangshan Street, Yunhe County, Lishui, Zhejiang, China
Plant	6,000 m² standardized production plant with automatic woodworking and painting lines
Team	80 employees, including an in-house R&D and design team
Materials	Solid pine, beech, plywood, rubberwood and bamboo; water-based non-toxic paint
Compliance	EN71 and ASTM F963 test reports, CE and CPC documents issued per item
MOQ	50 pieces per item for in-stock wooden toys; OEM, ODM and private label quoted per product
Lead time	Samples within 48 hours for stock items, custom samples about 10 days, bulk about 30 days
Main markets	Europe, North America and Oceania

How an order starts

1. Your requirements

Send an item code, a photograph or a drawing, the quantity per item, the destination country and your packaging or branding requirements.

2. Quotation and specification sheet

You receive a quotation per item, the specification sheet and the test report that belongs to that item.

3. Samples

Stock items are normally dispatched within 48 hours; custom or OEM samples take about 10 days. Sample charges are deducted from the bulk order at 1,000 pieces per item.

4. Production

About 30 days after order confirmation, with multi-stage inspection from incoming material to final packing.

5. Export

Final inspection, export packing, container loading, fumigation and the shipping documents.
